ECRA Group Presents
ECRISS

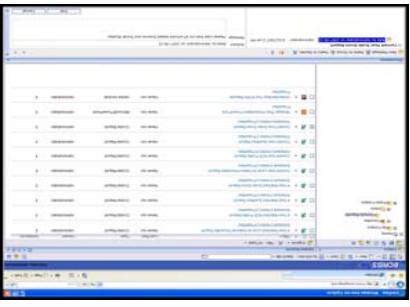

ECRA COLLABORATIVE RESEARCH AND INFORMATION SERVICE SOLUTION

Today's educational institutions are transitioning into a future of heightened levels of excellence. In this rapidly changing world, access to accurate up-to-date information is essential for effective leadership and informed decision making. In addition, today's leaders operate in an environment where stakeholders demand accountability and scrutinize decision making. The tools formerly used by educational leaders to guide their organizations no longer meet future challenges. New challenges require new solutions. ECRISS ensures all important decisions are substantiated by sound research.

DESIGNED TO FULFILL

THE NEEDS OF TODAY'S EDUCATIONAL SYSTEM

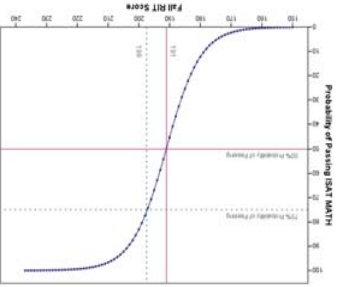

ECRISS FEATURES AN ONLINE USER INTERFACE THAT MANAGES RESEARCH KNOWLEDGE

WHAT IS ECRISS?

ECRISS IS A SERVICE SOLUTION FOR EDUCATIONAL LEADERS COMMITTED TO RESEARCH-BASED DECISION MAKING

The service provides educational administrators, boards, and other decision makers access to cutting edge research to empower them with important information to help bring decisions into focus.

ECRISS offers school districts a full-service research, monitoring, and reporting system. The service provides a custom data warehouse solution managed entirely by ECRA that contains assessment data, and other data related to student achievement. The solution bundles research and reporting services to allow school districts access to ECRA's research and content experts. The unique approach of bundling data management services with research and reporting enables school districts to use ECRA Group as a research arm of their own organizations by partnering with experienced researchers, educators and administrators.
